One dimensional television characters are a thing of the past—today's popular shows feature intricate storylines and well developed characters. From the brooding Damon Salvatore in *The Vampire Diaries* to the tough-minded Rick Grimes in *The Walking Dead*, protagonists are not categorically good, antagonists often have relatable good sides, and heroes may act as antiheroes from one episode to the next. This collection of new essays examines the complex characters in *Orange Is the New Black*, *Homeland*, *Key & Peele*, *Oz*, *Empire*, *Breaking Bad*, *House*, and *Buffy the Vampire Slayer*.

In 2001 Jay Dobyns infiltrated a Hells Angels chapter operating in Arizona, in a highly secretive ATF investigation code named Operation Black Biscuit. The aim was simple: to examine the criminal underbelly of the world's most famous biker group, and bring a major case against them. The reality, however, was much more complicated. In the twenty-one months that he spent inside the club, Dobyns became seduced by the outlaw

**lifestyle: seduced by the physical menace that comes with wearing the patch; seduced by riding his Harley down the highway at 100 miles an hour, eight bikes to a column, one bike's wheels 18 inches from the next; and seduced by the intense bonds he forms within the club, where friends lay down their lives for each other. No Angel is a thrilling, adrenaline-fuelled ride of a book, which lifts the lid on the world's most infamous underworlds.**

**Happened to Fiction in the Age of Platform Capitalism? Since it was first launched in 1994, Amazon has changed the world of literature. The “Everything Store” has not just transformed how we buy books; it has affected what we buy, and even what we read. In Everything and Less, acclaimed critic Mark McGurl explores this new world where writing is no longer categorized as high or lowbrow, literature or popular fiction. Charting a course spanning from Henry James to E. L. James, McGurl shows that contemporary writing has less to do with writing per se than with the manner of its distribution. This consumerist logic—if you like this, you might also like ...—has reorganized the fiction universe so that literary prize-winners sit alongside fantasy, romance, fan fiction, and the infinite list of hybrid genres and self-published works. This is an innovation to be cautiously celebrated. Amazon’s platform is not just a retail juggernaut but an aesthetic experiment driven by an unseen algorithm rivaling in the depths of its effects any major cultural shift in history. Here all fiction is genre fiction, and the niches range from the categories of crime and science fiction to the more refined interests of Adult Baby Diaper Lover erotica. Everything and Less is a hilarious and insightful map of both the commanding heights and sordid depths of fiction, past and**

present, that opens up an arresting conversation about why it is we read and write fiction in the first place.

Bill Johnson, Joyce Meyer, Heidi Baker. The fame of these names is evidence enough that, though the controversies are less intense, the Charismatic Movement is alive and well today. It continues to attract thousands of adherents who find its vision of a supernatural lifestyle uniquely compelling. Now, for the first time, all that is most theologically innovative about the movement is synthesized into five distinct and original ideas. These five brand new theologies

have been created, not by theologians, but by practitioners who believed their concepts were inspired by the Spirit: Inner Healing, Shepherding, Word of Faith, Spiritual Warfare, and Signs and Wonders. Plenty of studies have been written by Pentecostal scholars about Pentecostal theology, but these tend to group the very distinct approaches of Charismatics together with Classical Pentecostals. Bold Faith aims to analyze and evaluate the ways in which practitioners within independent Charismatic networks, especially in their Anglo-American expressions, have responded to the challenges of secular modernity.

SFX Joss Whedon is a male writer whose most famous creation is a girl-power icon; a geek who deals in classic themes of love, betrayal and redemption; and one of the first people in the entertainment industry to have harnessed the power of the internet to engage directly with his fans. Amy Pascale became one of those fans when Buffy Summers enrolled at Sunnydale High in 1997. She has followed Whedon's career ever since, marvelling at his ability to reimagine seemingly hackneyed genres as heartfelt human drama. In this revealing biography she seeks out

the source of that imagination, exploring his artistic liberal upbringing in New York and teenage years at an elite English public school, before tracing his journey from a bruising start in television to his status today as a blockbuster writer and director whose every new project is pored over online by millions of loyal geeks. Using extensive original interviews with many of Whedon's key collaborators – as well as Joss himself – Amy presents candid behind-the-scenes accounts of the making of groundbreaking shows *Buffy the Vampire Slayer*, *Angel* and *Firefly*, and considers Whedon's distinctive contribution to cinema through movies such as *Toy Story*, *Serenity* and superhero epic *The Avengers Assemble*. The result is an intimate portrait of the man who re-wrote popular culture and gave it a heart.

*Trevor J. Hawkeswood is a scientist who has experienced hundreds of paranormal events in his lifetime. In Light and Dark, he recounts some of these incredible interactions. He believes that reality occurs on two separate but interwoven planes of existence--the Earth plane and the multiple levels of the spiritual planes, including the lower levels, from where the dark souls of humans who have died reach out to us. He has experienced more than one hundred sightings of the shadow people, or "black ghosts." He credits guardian angels with saving him from harm or certain death on a number of occasions. Hawkeswood also shares accounts of his numerous sightings of strange aerial phenomena he believes were caused by UFOs. He has personally experienced clairaudience--*

voices from beyond—and precognition, or the ability to see the future. His detailed account of a unique out-of-body experience (OOBE) challenges what is known about this remarkable ability. His OOBE was unlike anything that has ever been described by others who have experienced it—and he shares it all in *Light and Dark*. But it hasn't all been safe or pleasant. At eighteen, he survived a terrifying encounter with a demon gargoyle who tried to steal his soul energy after paralyzing him. A comprehensive handbook for the paranormal enthusiast, Hawkeswood's work also provides a glossary and reference list of English-language UFO books. In *Light and Dark*, he shares a lifetime of experiences, ideas, and theories about this fascinating field of study.

When Doreen Virtue visited Santorini Island in Greece recently, she was contacted by a powerful group of angels calling themselves the "angels of Atlantis." Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient secrets of the healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as the thousands of case studies of angelic healing that she'd amassed over the years, dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, *Angel Medicine* is a three-part work that relates the exciting story of Doreen's recovery of memories of

With the U.S. and Iran on the brink of war, only De Niro himself can save him, but not without the help of an adversary. Complicating matters, De Niro also learns of the existence of top-secret plans, code-named "Project 111," outlining the placement of a nuclear bomb inside an Iranian missile. De Niro & company must find a way to free Scipio, snatch the plans from the North Korean embassy in Tehran, and escape with their lives. At home, an old Korean War hero vows to avenge the death of his granddaughter at the hands of a ruthless gang leader. ARCHANGEL is sent to the tough streets of Chicago to protect him, but they soon find that a man's courage and valor do not diminished with age. Filled with the unique style that de Marigny's fans have come to expect from him, Project 111 is another spectacular espionage adventure of action and suspense from one of our master storytellers.*

First book in any language to focus on Alphaville, published on the 40th anniversary of its release Uses new interviews with Godard's main collaborators on the film to reveal new aspects Explores its multiple influences, on 'Blade Runner', for example, or 'Code 46' 2005 is the fortieth anniversary of Alphaville's release and there's also a major reassessment of Godard under way. So this is an ideal moment to publish this, the first ever full appraisal of Godard's highly influential classic of sci-fi noir. Chris Darke writes about how, working without sets, special effects, or even a script, Godard made a dystopian vision of a technocratic future city. He explores the film's unique combination of genres and styles, its remarkable creation the secret agent Lemmy Caution, and uses his new interviews with the director's collaborators to chronicle the film's production. He also relates Alphaville to Godard's later work, setting it in the context of his wider career and of its influence on other filmmakers and artists. This book is ambitious in its scope and in the course of over 400 pages, it begins with the creation of the Universe and ends when all time and space ends in a singularity. Read the book to find out why the Universe was created and what happens to man after death. Are the atheists right and there is nothing but extinction or is there a better

hope and an eternal future. Was Adam and Eve ejected from the Garden of Eden because they ate the wrong piece of fruit? Why was it necessary to kill all living people and creatures with a worldwide Flood bar one family? Did God really tell the Israel nation to kill all the men, women and children in Canaan? How can Jesus Christ be God incarnate who is eternal when he dies on the cross? How can all Christians go to heaven? What happens after the Kingdom of God is established in the New Heaven and New Earth? The spiritual messages contained in this book answer all these questions and much more, with full notes and references for each section of the book.

The information herein was accumulated of fifty some odd years. The collection process started when TV first came out and continued until today. The books are in alphabetical order and cover shows from the 1940s to 2010. The author has added a brief explanation of each show and then listed all the characters, who played the roles and for the most part, the year or years the actor or actress played that role. Also included are most of the people who created the shows, the producers, directors, and the writers of the shows. These books are a great source of trivia information and for most of the older folk will bring back some very fond memories. I know a lot of times we think back and say, "Who was the guy that played such and such a role?" Enjoy!

hermeneutics: understanding and being understood, putting-in-other-words, and, in Eliot's own words, 'restoring/ With a new verse the ancient rhyme.' This perspective opens new paths towards the elucidation of *Ash-Wednesday* and *Four Quartets*, in particular. Addressed to both the specialist and the non-specialist, the close, meditative readings that form the center of this engaging book mirror its subject, capturing an instance of the 'impossible union' of differences and opposites that lay at the heart of Eliot's Incarnational understanding.

Spring 2012 saw the return to creative and critical success of Joss Whedon, with the release of both his horror flick *The Cabin in the Woods* and the box-office sensation, Marvel's *The Avengers*. After establishing himself as a premier cult creator, the man who gave us great television with *Buffy the Vampire Slayer*, *Angel*, *Firefly*, *Dollhouse* and web series *Dr Horrible's Sing-along Blog*, as well as comic books including *Fray* and *Astonishing X-Men*, finally became the filmmaker he'd long dreamed of being. Drawing on a wide variety of sources and making use of psychologist Howard Gruber's insights into the nature of the creative process, Joss, *A Creative Portrait* offers the first intellectual biography of Whedon, tracking his career arc from activated fan boy to film studies major, third generation television writer, successful script doctor, innovative television auteur, beloved cult icon, sought-after collaborator, and major filmmaker with Marvel's *The Avengers*. **“Jolene writes with great heart and passion about a dog breed disenfranchised not because of what they are, but because of what we imagine them to be. I love stories that support the underdog, and Jolene’s tale of her beloved pit bull terrier is exactly that. It is also a delight to read, and a worthy story to ponder. And you will fall in love with Rumer, I’ll promise you that.” —Susan Knilans McElroy, author of Animals As Teachers and Healers and Animals as Guides for the Soul**

only is Angel On My Shoulder a story of an exceptional, loving pit bull named Rumer, it is on a larger scale the defense of a gentle, loyal breed that has been much maligned and misunderstood. May it help everyone understand both the true nature of the American Pit Bull as well as the true nature of love.” —Katrina Kittle, author of *The Kindness of strangers* and *The Blessings of the Animals* “Far more than any other breed, the American pit bull represents different things to different people. Badly managed dogs grab headlines because their behavior is atypical; Jolene’s experience represents the far less shocking though no less fascinating reality of life with a peaceful, loving, comedic pit bull as ‘best friend’. If you enjoy tales of true love, you will value this story.” —Diane Jessup, author of *The Working Pit Bull* and *The Dog Who Spoke With Gods* On a bitterly cold February day in 1992, a woman named Jolene found herself with a choice to make: the brindle puppy in a kindly stranger’s left palm—or the red puppy in his right? For Jolene Mercadante, a librarian and lifelong animal advocate, this was the first tentative step on a journey that would impact the way she lived the rest of her life. She had no way of knowing how Rumer, a single little soul the size of a sausage, was about to change her life. Through all of life’s great adventures—the perfect five-week-old baby; the lanky, rebellious teenager; the extraordinary,

**splendid adult—Rumer was a creature of humor and love. She joyfully shattered the unjust “pit bull” stereotypes. She might not have been a heroic rescue dog, a therapy dog, or a war hero; there are other pit bulls who can claim this fame. But Rumer did touch the lives of everyone who knew her, and that made her heroic in her own way. “She did save us, she did rescue us, and she was our hero in so many ways.” Rumer was an ordinary dog who lived an ordinary life, but that’s what made her extraordinary. This memoir is an unforgettable love story and an uplifting journey brought about by the life of a truly pure and beautiful soul.**
