Who is this Gatsby anyhow? Answering that question, voiced by one of the book's characters, is fundamental to teaching F. Scott Fitzgerald's *The Great Gatsby*. Although there is no simple answer, classroom analysis of this classic American novel can lead to a rich exploration of the colorful yet contradictory period Fitzgerald dubbed the Jazz Age. The novel also prompts considerations of novelistic technique, specifically point of view, characterization, and narrative structure. This volume aims to give instructors of *The Great Gatsby* multiple tools and strategies for teaching the novel and for introducing students to the culture of the 1920s. Part 1, "Materials," reviews the novel's composition history and the scholarly resources related to the novel. In part 2, "Approaches," contributors demonstrate a range of frameworks that usefully inform teaching, from the new historicism to feminist and gender studies to narrative theory. They also examine the novel's complex artistry, variety of motifs and symbol patterns, and cultural and social influences, such as the era's changing racial attitudes, the rise of a new suburban culture, and the dichotomy of East versus West in America.

Bachelor Thesis from the year 2014 in the subject Film Science, grade: 1.3, Friedrich-Alexander University Erlangen-Nuremberg (American Studies), language: English, abstract: A tendency in the realm of gender studies has been to mainly concern oneself with gender, whereas the same can be claimed in terms of class analysis showing a tendency towards primarily and exclusively dealing with class. This study tries to combine both fields in an attempt to not only expose how present forms of masculinity are established but also how these forms interact with 'class'. In addition to Crenshaw's 'intersectionality' theory, Pyke's concept of 'interpersonal power' and Connell's theory of 'hegemonic masculinity' will be dealt with. The synergy between masculinity and 'class' will be scrutinized by means of two movie adaptations of "The Great Gatsby" (1974/2013). It will be shown that factors such as social and geographical mobility, career, and the need or ability to display class-marked objects, as well as the male body can be identified as producing and helping to maintain multiple forms of class-based masculinity, as well as shaping and changing these masculinities. Jay Gatsby's lavish lifestyle in a mansion on Long Island's gold coast encapsulates the spirit, excitement and violence of the era Fitzgerald named 'the Jazz Age'. Impelled by his love for Daisy Buchanan, Gatsby seeks nothing less than to recapture the moment five years earlier when his best and brightest dreams - his 'sunutterable visions' - seemed to be incarnated in her kiss. A moving portrayal of the power of romantic imagination, as well as the pathos and courage entailed in the pursuit of an unattainable dream, *The Great Gatsby* is a classic fiction of hope and disillusion. (Quelle: Buchdeckel verso).

The Great Gatsby has long been celebrated as the archetypal American novel, and its influence on later writers from J.D. Salinger to John O'Hara cannot be overestimated. Fitzgerald looks deeply into himself and his milieu to create the story of James Gatz, a self-educated nobody from Kentucky who has amassed a fortune and adopted the persona of Jay Gatsby, an Oxford-educated man about town, for the sole purpose of winning back the heart of Daisy, the woman he loved in his youth. Daisy is now married to Tom Buchanan a brutal, ignorant racist who embodies the corruption that can come with unlimited wealth. As Gatsby, Daisy and Tom play out the drama in a small Long Island town, Fitzgerald makes it clear that life is meaningless when it is based on money and glamour at the expense of the solid American values of self-reliance and hard work.
