

## Schofield And Sims Workbooks

*Een muis schrikt zijn belagers af door een afschrikwekkend fantasiedier als vriend te verzinnen. Prentenboek met naïeve tekeningen in kleur en tekst op rijm. Vanaf ca. 4 jaar.*  
SpringboardSpringboard

*Designed for use at Foundation Level, this workbook features lots of fun exercises introducing children to the essential pre-reading and early mathematical skills. The Handwriting Practice books support literacy in schools by giving children practice in forming and joining letters, helping them to develop handwriting that is neat, fluent, legible and fast.*  
*Intended for Key Stage Level 1, this book features exercises that help build children's confidence in their mental maths skills. These exercises cover a range of key areas from the National Curriculum such as Number Sequences, Money, Measurement, Times Tables, and more.*

[Mental Arithmetic 6](#)

Two learning workbooks that help children to learn the times tables specified in the Primary Framework for mathematics at Key Stages 1 and 2. Each unit begins with a list of multiplication facts, then helps children to learn them using different methods. Language activities covering word construction, comprehension, spelling, creative writing and vocabulary.

Fully compatible with your classroom teaching, and providing excellent value for money, these are simple guides to helping children with reading and pre-reading activities. They are ideal for parents and other helpers to use with children aged three to five years, at home or in school. Each Guide:

The format of Mental Arithmetic differs from that of traditional mental arithmetic materials in that pupils read the questions themselves, use rough paper for workings out, and write down their answers. It provides intensive practice in all areas of the maths curriculum.

Reinforces language skills, such as vocabulary, dictionary work, comprehension and punctuation.
